Dedicated to you and your mission

Paragon helps federal agencies secure critical systems, modernize IT operations, and improve enterprise performance. Our integrated approach brings together cybersecurity, technology services, and enterprise management to reduce costs, manage risk, and advance mission objectives.

IT SERVICES MANAGEMENT

- Service Desk & End User Support
- Network & Infrastructure Operations
- Systems & Data Engineering
- IT Asset & Configuration Management
- ITIL Service Integration & Management

CYBERSECURITY

- Security Assessments & Compliance
- RMF, ATO & Continuous Monitoring
- Vulnerability Management & Penetration Testing
- Security Engineering & Zero Trust
- Threat Detection & Incident Response

ENTERPRISE MANAGEMENT

- Program & Project Management
- Portfolio Management / CPIC / TBM
- Acquisition Lifecycle Support
- Enterprise Architecture & IT Strategy
- Systems Engineering, Test & Evaluation

PARAGON AT A GLANCE

1997 Established	**$300M+** Federal contracts executed
EXCEPTIONAL CPARS ratings	**95%+** Employee retention

KEY CERTIFICATIONS

- SBA Certified Service-Disabled Veteran-Owned Small Business (SDVOSB)
- CMMI Services Level 3 — Appraised
- ISO 9001:2015 — Quality Management System
- ISO 20000-1:2018 — Information Technology Services
- ISO 27001:2013 — Information Technology Security
- EIA-748 — Earned Value Management System

Dedicated to your mission. Proven through results.

IT SERVICES MANAGEMENT

Operate, support and modernize mission systems.

IRS — ITLA/TLA Oracle Cloud	**Mission:** Transition legacy tax-assistance applications and end-user components to Oracle cloud hosting. **Outcome:** Improved delivery practices while reducing cost and risk.
USTRANSCOM — JECC C5 Support	**Mission:** Deliver mission-critical IT and communications support for rapidly deployable teams. **Outcome:** Reduced IT trouble tickets by **over 90%** and improved operational capability.
IRS — Linux Migration	**Mission:** Modernize aging infrastructure through enterprise Linux migration. **Outcome:** Supported cloud migration and application containerization, improving portability and scalability while enabling automated CI/CD deployments.

CYBERSECURITY

Assess controls, address vulnerabilities and support authorized operations.

IRS CTO — Vulnerability Management	**Mission:** Analyze vulnerabilities and test critical IRS systems before production release. **Outcome:** Analyzed **millions of lines of code** and identified and fixed security vulnerabilities.
FDIC — Independent Security Assessments	**Mission:** Independently assess security and privacy control effectiveness. **Outcome:** Delivered timely, unbiased reports of control weaknesses and deficiencies.
USTRANSCOM PEO-T — Cybersecurity & RMF	**Mission:** Support security engineering, control assessments, vulnerability tracking and system authorization. **Outcome:** Helped secure authorizations, resolve security findings and sustain authorized operations while supporting on-schedule migrations and deployments.

ENTERPRISE MANAGEMENT

Strengthen program execution, governance and investment decisions.

USTRANSCOM — PEO-T	**Mission:** Integrate enterprise program management across 25+ mission-critical IT programs. **Outcome:** Standardized processes, improved investment decisions and helped reduce costs by **20%**.
Air Mobility Command — Lifecycle Management	**Mission:** Strengthen acquisition lifecycle management and oversight of a $94M annual IT portfolio. **Outcome:** Reduced planning errors and requirements backlog by **47%** and security vulnerabilities by **20%**.
Air Force — Financial Improvement & Audit Readiness	**Mission:** Implement audit-ready practices, financial controls and reporting. **Outcome:** Reduced unsupported journal vouchers by **73%** and strengthened financial management.
Department of Education OCIO — Project Management	**Mission:** Improve modular acquisition strategy, governance and IT project oversight. **Outcome:** Increased project efficiency and effectiveness and improved lifecycle management.
USTRANSCOM — DPfM-C / CIO Governance	**Mission:** Align IT portfolio investments and integrate enterprise services. **Outcome:** Identified interoperability and process improvements contributing to **over $78 million** in return on investment.
